

# EMERGENCY USE ONLY

## If swimmer is in distress:

- Yell or blow a whistle to call for help
- Dial 911
- Keep the victim in sight
- Use available safety equipment, staying on shore if possible
- Put on a life jacket if you must enter the water

### RESCUE BAG

**1** Release drawstring. Remove a short amount of rope from top of bag.

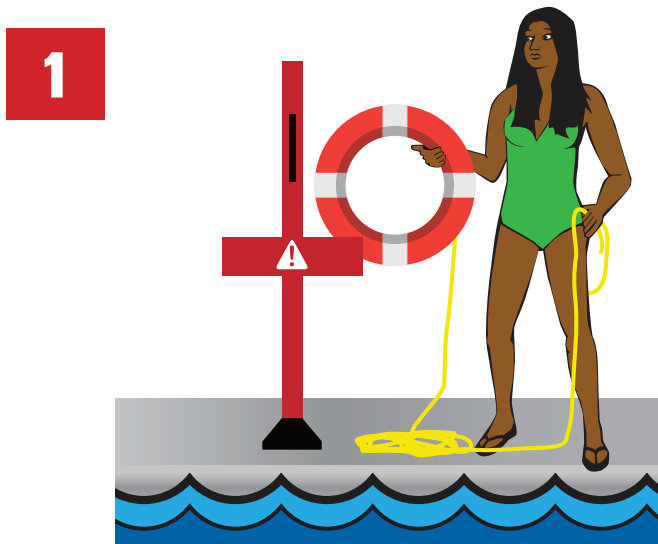

**2** Hold rope securely. Using underhand motion, throw the rope-filled bag to, or past, victim.

**3** Pull victim to safety once they grasp the rope.

### RESCUE RING

**1** Hold rope securely. Ensure rope is untangled or rope bag is open (if equipped).

**2** Throw ring to, or past, victim using underhand or sidearm motion.

**3** Wait for victim to grab ring, then pull them to safety.
